## **Policy for Best Practices**

### **Best practice: 1**

Vidya Bharati College is situated in a rural and backward area of Kamrup district. Most of the people of this area are very poor and low economic condition. So, the college receives a significant number of students from who depends on agricultural low socio economic conditions. Most of the students don't have the capacity to pursuit education. For that reason, the college is trying to inspire the students for taking higher education under the government free admission scheme of BPL students. Besides, the college also provides scholarship to the students of various categories such as ST/SC, OBC, Minorities scholarship, Ishan Uday Scholarship etc., to the economically poor students under the various government schemes.

In this college most of the students' economic condition is so poor. They have not the capacity to buy book. In this regard the Central Library of the college provides free book facility for the students and some departments also try to practice this. The college is also trying to provide some health tips for the girl children for their better future.

With the motto of "knowledge is power", the college inspires the students of this area for higher education and tries to make their life better.

### **Supporting Documents:**

## **Best Practices: 2**

Vidya Bharati College has always tried to make the college campus clean and hygienic. The college is situated in a rural and backward area. Most of the people maintain their livelihood by working as a day labour and cultivator. For this reason the college had wanted to provide some knowledge about the local medicine plants and how they help in our daily life. In this regard, the college plans to start a medicinal plant garden in its campus. This medicinal plant garden programme was launched from 2022 after Covid-19 pandemic. The vision of the college to establish this local medicinal plant garden is as follows :

- i) To provide awareness among students about the need of protecting the environment and medicinal plants as well.
- ii) To maintain a healthy atmosphere for teaching learning activities.
- iii) To preserve the medicinal plants found locally and in the entire Assam and provide knowledge about them.
- iv) To familiarize the medicinal plant variation to the students and make the campus green and clean and hygienic.
- v) To inspire students for collecting and planting medicinal plants under Fee Waiver Scheme

## **Supporting Documents :**

- i) Photo of students provided at admission time.
- ii) Photo of Plants in garden
- iii) Photo with students at plantation
- iv) List of medicine plants planted in the garden
